**Subject:** HOT ISSUE: Orchard Bridge Debris Management Site Located Upslope of Conveyance to Brazos River

Good afternoon Janetta,

As our team was driving from the Simonton DRC back to the R6 lab, we passed the Orchard Bridge Debris Management Site located on FM 1489 in Simonton, TX. We observed comingled household, construction, white goods, and household hazardous waste debris. In addition, although the site was approved by TCEQ, the debris pile is located adjacent to a stormwater conveyance to the Brazos River. Please see photos attached and additional photos here:

Thank you for your attention to this matter.

Sincerely,

**Ms. Kyle J. Zieba** | *Maryland Liaison and International Affairs Coordinator*
